

An Apology to a Monkey

Hilmi Saber – Shawal 1445h

Monkey Parliament By British Artist

Mr. Monkey,

Please accept my apology

We insulted you. We accused you

You were our grandfather !.

Am I a monkey ?!

I could not swallow this lie

even my esophagus is wide,

the lie is much wider !;

it could not go through !.

Most of the time, the Israeli Representative
in United Nation Building puts me in surprise:
on the way he uses the evidence to convince.

Once, he puts the yellow star on his chest
He wanted to show
how Jews were insulted through history
If they were marked,
you should not mark yourself !
He did not realize,
this evidence is against him

The sign says: watch out this man is Jew
Be more cautious !
It was not about stingy and money
Neither the stolen Ukraine's grapes farms
for the business of wine.
It was not because of the gold or money of Rothchild.
It is the trust which of he is empty handed.

Who ruined the reputation of the USA ?!.
It gave you her hands, and then you bit it.
He kills a person,
Next morning, he sits next to the sad murdered brother,
The killer looks sad too,
But, from inside: he is happy in his perfidious betray.

I will show you two samples:

Sample #1

He says on Oct 26, 2023

“ Hamas there are no words in the English language in any language to describe the evil that we all just witnessed and the reason it is not describable is because it has no place among humankind over 1400 have been slaughtered thousand injured and over 220 hostages are being held right now by Hamas Isis terrorists to say that this is Israel's would be an 9/11 “

It is not worth criticizing; his statement is full of lies.

The way he acts or talks

To me, it is the action of a player on the theater stage.

You need a Hollywood director to judge him, not I.

Justice and Law are worthless with him,

Neither with those who are behind him.

He is not the guest of honor, nor the house owner.

He arranges the food table. Not only that, even its timing.

When food is served !. and what food is provided !

This is at individual level !.

How it would be if he was the ruler ?!

Sample #2

He says on Apr 15, 2024 while he is holding his device

“ at this. video that shows
how Israel. intercepts
Iranian drones above the
Temple mount. and
Al axam mosque.
Here you can look at it.
This is the
laksa mask “

I suggest to anyone who wants to see a comic actor
is to watch him (smiley face)

“Last night Iran proved again that it cares nothing,
nothing for Islam or Muslims “

My face smiles with mockery;

Does he care ?!

He says before the device show:

“ The Iranian
attack seriously injured
Amina a 7-year-old bedwin
girl in Israel”

Mr. Bloody-Handed,

With opened surprised eyes : How many in Gaza ?!

The actor is the one who digs beneath Al Aksa,
He is the one who cuts the Al Aksa's columns mosque
to collapse.

As the Thief did in nine eleven.

He accused someone else, while he was the one who did it.
It is not easy to believe: a small stone from a cave destroyed
the Two Towers in the well protected USA !.

Up today, we are not certain:
was it a missile or an airplane,
made that hole in the Pentagon !?

Our radars tell us, when a missile is sent to us
from the other side of the globe.

In contrast, we do not know the missile
behind the wall ?!. Does it sound funny !

All the radars were shut down !.

Condi considers victory in politics as NFL touchdown !.

To her, politics is a game. What a 9/11 touchdown !.

The USA was against Iraq and Afghanistan.

We know who pulled out the trigger of the controlled
demolition of Building Seven.

Who does for the Two Long Big Rocks ?!.

Does the two demolitions differ ?!. A small stone ?! What a
touchdown !.

Hiding evidences is an evidence itself. Who hides it ?!.

The problem is the game was played by
small stones from a cave, or from an insider thief ?!.
It is difficult to determine who was behind it; because
The referee was from the US Army !.

I am puzzled and confused:
Does the representative believe himself ?
Is this his mentality or does he acts ?
I am not Israeli to treat me stupidly.

Do you think: I am your child !
you take from him the thousand by a candy ?!

Put in you mind if you are a lawyer in a court
or an investigator in crime:
If you use a false evidence,
this evidence will turn on you.

He is not the one I should blame,
I blame myself:
when I watch his play.

End
